www.cerj.eu

Dear Readers,

It is the great honor for us to publish seventh volume, second issue of ***Contemporary Educational Researches Journal***.

Contemporary Educational Researches Journal welcomes original empirical investigations and comprehensive literature review articles focusing on educational issues. The journal is an international peer-refereed journal that promotes the researches in the field of contemporary teaching and learning approaches and theories. The scope of the journal includes, but is not limited to; the following major topics as they relate to: Active Learning, Administration of Education, Adult Education, Affective Learning, Classroom Assessment, Classroom Management, Classroom Teacher Education, Collaborative Learning, College and Higher Education, College and Higher Education, Constructivist Learning, Instructional Design, Learning and Teaching Research Methods, Learning Assessment and Evaluation, Learning Assessment and Evaluation, Learning Psychology, Lifelong Learning Strategies, Learning Skills, Vocational Education, Measurement and Evaluation in Education, New Learning Environments, Portfolio Assessment, Professional Development and School Administration.

The comparison of elementary teacher training policies in the United Kingdom and Turkish Republic of Northern Cyprus, teacher candidates' views on the use of concept cartoon in science and technology teaching courses, learner differences and language learning strategies, national values of students in Lithuania and development of the idea of an innovative school in Latvia topics have been included into this issue. The topics of the next issue will be different. You can make sure that we will be trying to serve you with our journal with a rich knowledge in which different kinds of topics are discussed in 2017 Volume.

A total number of fifteen (15) manuscripts were submitted for this issue and each paper has been subjected to double-blind peer review process by the reviewers specialized in the related field. At the end of the review process, a total number of five (5) high quality research papers were selected and accepted for publication. We present many thanks to all the contributors who helped us to publish this issue.

Best regards,

Prof. Dr. Gulsun Atanur Baskan

Editor – in Chief
