(ONLINE VIRTUAL CONFERENCE)

Message from the Editor in Chief

Dear Reader,

It is with great pleasure that we present to you the Selected Papers of the 15th World Conference on Educational Sciences (WCES-2023), Vol. 10 No. 1 (2023), New Trends and Issues Proceedings on Humanities and Social Sciences, which took place online between February 03-05 2023, at the base of Near East University, Cyprus. This publication aims to present selected topics in educational sciences that reflect the current situation of education around the globe.

After a thorough double-blind review process, it was deemed appropriate to publish seven original papers. Indeed, there were more than 30 full papers available, but this year we were very meticulous in their publication.

We trust that the goal for this publication was realized, and as such, we would like to thank all the contributors and the publishing team for their immense contribution to this publication.

Have a great time reading!

Best Regards

Ana Carvalho Campina
